Benefits

MOXY CLOUD

DATA SHARING
Wirelessly share data to screens, share desktops

SUPPORT & TRAINING
Training services and ongoing help through phone and email with our Unilab support team.

DISASTER RECOVERY
All contents are protected in our cloud, even if you lose your laptop

EASY TO MANAGE
Easily manage display styles and when different people get to use the screen through our web platform or app.

WORK FROM ANYWHERE
Control your screens from anywhere you are. It's a flexible workplace in real time & does not take up any of your storage.

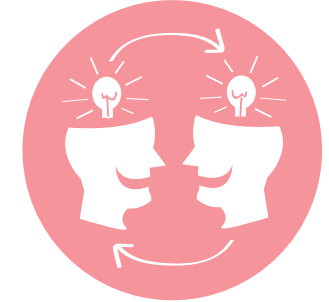

EASY TO CONNECT
Connection to Wi-Fi or wired internet is all it takes. Mobile broadband version also available for endless possibilities of locations.

DOCUMENT CONTROL
No more searching through endless emails. What you want to display is all stored here.

Research Labs

It's a collaboration enabler

RESEARCH LEAD

I'd like to collaborate with a researcher in another lab by sharing information in real time on their screen.

LAB OWNER

I'd like to share lab bookings on half of the screen. People can see when equipment is free, improving efficiency of lab.

SCHOOL OWNER

I'd like to broadcast key achievements every morning to motivate my staff.

FACULTY OWNER

I'd like to share new workshops and events every Monday 9-10am

ASSET MANAGER

I'd like to broadcast alerts on all screens in the building in the event of an emergency.

These five people can be anywhere in the world and stay connected with their whole team

What can this bring at the end of the day?

Efficient use
of lab equipment

Quicker
information
sharing within
a connected
team

Safer lab
and
faster research

Customer Service

UniLab is
Australia based

Online training
tools and onsite
training by experts

Standard support
option covers
Monday - Friday
business hours

Premium support
option covers you 24
hours a day, every day
